NEW YORK TRIBUNE.

"THE LEADING AMERICAN NEWSPAPER."

*The Paper for Business Men, Farmers, Families,
and all the People.*

THE NEW YORK TRIBUNE is a live, intelligent, and thorough newspaper, publishing at the earliest moment, and often in advance of all other papers, all the news of the world.

It is candid and independent in its opinions and political convictions. It is not a party organ, and is outspoken in condemnation of fraud or corruption in any party; but its political principles are, as they always have been, essentially Republican, and are well embodied in Gov. Hayes's admirable letter of acceptance.

It is an excellent family paper: "Home Interests" has made it indispensable in many homes; and its Miscellany, Stories, Fashion Articles, and Dry Goods Market Reports, make it of daily use in every household. It is the best farmers' paper published, and the Weekly "has done more to make good farmers than any other single influence which ever existed."

It publishes full, fresh and accurate Market Reports—the price of every article bought and sold in the markets of the world from day to day.

In THE DAILY TRIBUNE special attention and liberal space are given to Literature, Art, Science, Education, Religious news and kindred topics, in each of which THE TRIBUNE has become a favorite medium of communication and a recognized authority, at home and abroad.

It is a complete newspaper, representing the progress, the advancement, and the interests of the American people.
